## Interpersonal Skills

- Punctual
- Teamwork
- Quick Learner
- Creative
- Innovative
- Team collaboration

## Summary

I am a motivated and detail-oriented Full Stack Developer with a strong foundation in JavaScript (React) and Python (Django).

In 2022, I had the opportunity to lead my own small community, "Al-Haider workgroup," where I successfully fostered a productive team workflow and provided guidance to junior developers.
I am committed to continuous learning and eager to contribute to a dynamic team environment. With expertise in ReactJS, React Native, and Python/Django, I prioritize writing clean and maintainable code. I am also proficient in technologies such as Containerization, DRF, SQL, and RESTful API design, ensuring end-to-end development to deployment.

I am dedicated to producing clean & maintainable code & am excited to contribute to a supportive team environment where I can make a positive impact in software development.

## Education

- **BACHELOR DEGREE** (4 years)
  Computer Science
  Govt College University Faisalabad

## Work Experience

**Company    Infosys IIT**

**Full Stack Developer ( 2 Year ) -Sep 2021 ~ Dec 2023**
